

Community Speed Watch

Community Speed Watch
Gwyllo Cyflymder Cymunedol

What is Community Speed Watch?

- A group of volunteers who monitor speeds of vehicles in their villages and towns.
- Speeding is a concern for many of our communities, and Community Speed Watches assist in recording the level of speeding in an area.
- To raise awareness of speeding in an area to drivers, with drivers exceeding the speed limit receiving letters advising them they have passed through a CSW area.
- All the equipment and training is provided, and you only need a minimum of three adults aged 18 and over to set one up.

If you are interested in setting a Speed Watch up in your area, please contact your local Neighbourhood Policing Team or alternatively ring 101.
